## McKinley's Electoral Vote Will Be 287.

## SOUND-MONEY CONGRESS.

## Enormous Vote Everywhere for National Honor.

## NEW YORK'S PLURALITY 27,662

## Close Votes in North Carolina, Tennessee, and Missouri.

## THEY MAY GO FOR MCKINLEY.

## Unprecedented Pluralities in the East- ern and Middle States.

The Sun's returns do not greatly alter its figures heretofore given. McKinley is elected by a large plurality in the electoral college. There are several close States, but if they all were given to Bryan, McKinley would still have a safe margin.

The new House of Representatives will stand: Republicans, 232; Democrats, 105; Gold Democrats, 3; Populists, 17. There will be a majority of ten for sound money in the Senate.

New York's plurality for McKinley is said to be 27,662. The Legislature is overwhelmingly McKinley, there being a majority of 100 on joint ballot. The Assembly stands 114 Republicans to 34 Democrats.

The majority for McKinley in Massachusetts has increased to 164,000, in Connecticut to 64,000, and in Vermont to 41,000, the largest by 10,000 ever given in a Presidential year. The majority in New Hampshire may reach 30,000, in Rhode Island 23,000, and in Maine about 47,000.

Consolidated returns from New Jersey give that State to McKinley and Hobart by a plurality of over 85,000. Even Hudson county, which was confidently expected to be in the Bryan column, has swung into line for McKinley and sound money by 5,400 plurality, and has elected a solid delegation of eleven Republicans to the Assembly. The present Congressmen, who are all Democrats, are re-elected. The State Assembly will stand 56 Republicans to 4 Democrats.

The majority for McKinley in Pennsylvania is placed at 277,000, to which Philadelphia city contributes 115,000. The Democrats elect four Congressmen, a pair of two.

Delaware has gone for McKinley by about 1,800, but by an error in a name on the National ticket he may lose one electoral vote. The Legislature is said to be Democratic, and the election of the Democratic candidate for Governor is reported.

Maryland's majority for McKinley is placed at 35,000. The Republicans carry all of the six Congress districts.

Virginia gives Bryan only 15,000 plurality. Two Republican Congressmen, Walker in the Ninth district and Yates in the Tenth district, are elected. Bryan seems to have carried North Carolina by 10,000 majority on the electoral fusion with Populists. The State ticket is doubtful, with both sides claiming it. The Legislature is probably for fusion by an arrangement between the Republicans and Populists. According to an agreement two years ago this will probably result in the election of a silver Republican United States Senator. Alabama's plurality for Bryan is about 40,000. One Populist Congressman, Howard, pulled through by 200 plurality. The plurality for Bryan in Mississippi is estimated at 50,000. The Watson Populist ticket polled about 10,000 votes in the State. Louisiana polled only about one-half the votes recently given at the State election, but Bryan will have a majority of 44,000. All the Populist nominees for Congress are elected.

Kentucky is very close, but there is ample reason to believe that McKinley has carried the State by 1,500. The Legislature is Republican on joint ballot, insuring a Republican successor to Senator Blackburn.

Tennessee Republicans do not give up the State, although the returns indicate a Populist plurality of 15,000. East Tennessee gave nearly 38,000 Republican plurality, and there were heavy Republican gains in the western part of the State, especially in Memphis.

Indiana has gone Republican by at least 20,000. The Republican gains average nine to the vote in the precinct. The Republican lost in the southern part of the State, but gained heavily in the northern part. Two Populists, Zeno in the Third district and Holman in the Fourth, are probably elected.

McKinley's plurality in Michigan is now estimated at from 35,000 to 40,000. Pingree, Rep., for Governor, will run ahead of McKinley by 15,000 votes. One Congress district is disputed. Wisconsin holds her own in her splendid plurality of 100,000 for McKinley. A solid Republican Congress delegation is elected. Neff, Rep., for Governor, carries the State by 90,000.

Illinois has shown her stalwart repudiation of Altonism by giving a McKinley plurality, now estimated at 165,000, a gain of 40,000 over Tuesday night's figures.

Missouri has probably chosen Bryan electors by a very close vote, and it will take complete returns to give the result definitely. McKinley's vote in Montana was less than one-fourth of what it had been estimated. Bryan gets the State by 15,000.

The two Dakotas stand solid for McKinley. A Republican Legislature is chosen in each. Bryan carries Nebraska by a very small plurality. The Republicans are completely ousted from the State Government for the first time. Oregon gives her electoral vote to McKinley by 8,000.

Kentucky gives Bryan about 78,000. The vote in Kansas is very close, the Mc-

Kinley electors carrying it by a small plurality. Iowa is Republican by 60,000, including every Congress district.

The Republicans carry Minnesota by 35,000, and win in every Congress district. Towne, the silver bolter of the St. Louis Convention, admits his defeat in the Seventh district.

McKinley carries California by about 10,000. The Legislature is overwhelmingly Republican. Washington goes for Bryan by a small plurality.

Wyoming is in doubt. The country vote is cut down from the Democratic gains in the towns and the full vote may show a McKinley plurality.

## MICHIGAN BY 40,000.

Flagrant Majority Will Be 15,000 More—One Congress District Disputed.

DETROIT, Nov. 4.—From incomplete returns it looks tonight as though McKinley had carried the State by between 35,000 and 40,000 plurality, and Pingree, Republican, for Governor, had from 12,000 to 15,000 more. The returns have been received almost in complete order. The Senate will stand 27 Republicans, 6 Populists, and the House 75 Republicans, 22 Populists, and 3 in doubt.

Not one of the Republican Congress candidates concedes defeat, although it is believed that they will do so in the State. In the strong hold of Republicanism—the Twelfth, Thirtieth, and Thirty-fourth wards—Tanner loses heavily.

In the Twelfth alone he runs over 1,000 votes behind McKinley. In the Thirtieth he lost nearly 200 votes that went to McKinley, while in the Thirty-second Aligned gained over 400 votes over him, they being lost to Tanner.

Henry Hertz, Republican candidate for State Treasurer, profits by the McKinley landslide, and has a plurality in the city of Chicago of 34,074.

## INDIANA SURE FOR 20,000.

Republican Losses in the Southern and Middle States.

INDIANAPOLIS, Nov. 4.—The returns in Indiana were never slower in coming in. It is declared at State Republican headquarters that the net gains continue at about nine to the precinct, and that McKinley's gain is not less than 20,000. The southern counties, however, show heavy Republican losses where fusions were most numerous, and the northern counties show heavy Republican gains. Charles W. Fairbanks claims the Legislature in each branch. The official vote will be given in a few days.

The present indications on Congress are as follows: First district, J. A. Hemenway, Rep.; Second district, A. M. Hardy, Rep.; Third district, E. D. Crumpacker, Rep.; Fourth district, William S. Holman, Dem.; Fifth district, George W. Faris, Rep.; Sixth district, Henry U. Johnson, Rep.; Seventh district, Jesse Overstreet, Rep.; Eighth district, Charles L. Henry, Rep.; Ninth district, C. L. Landis, Rep.; Tenth district, E. D. Crumpacker, Rep.; Eleventh district, George W. Steele, Rep.; Twelfth district, J. D. Lehigh, Rep.; Thirteenth district, W. T. Rouse, Rep.

The Republican State Committee does not feel assured as to Lands and Lehigh, but it is safe to say that the other named are elected. Lands' opponent was Joseph Chedice, ex-Republican member of Congress.

Republican State Chairman Gowdy said at 8 o'clock tonight that Indiana gives McKinley at least 20,000 plurality. Forty-seven counties, including Marion, he said, show a Republican plurality of 45,471, and thirty-six counties give Democratic pluralities of 21,321, a net Republican plurality of 34,150. This leaves nine counties scattered, which will reduce slightly the Republican plurality. The Legislature, he said, will be Republican by 20,000.

## OREGON IN MCKINLEY'S.

Portland Now Expects Penney to Resign as He Promised.

PORTLAND, Or., Nov. 4.—McKinley's plurality in Oregon will range from 3,000 to 4,500. No question whatever remains that he has carried it. Complete returns have been received from all the counties. These cast small votes, and are more than likely to increase rather than diminish McKinley's plurality, which now stands at 3,300.

The National Democrats nearly all voted with the Republicans in yesterday's elections. In accordance with his promise, Mayor, who had been expected to show that he would write his name to the ticket to-morrow, as McKinley's election is indicated.

## NORTH DAKOTA SOLID.

Republicans Carry All Tickets and Get the Legislature Overwhelmingly.

BISMARCK, N. D., Nov. 4.—The latest returns from this State show no change from the estimates made last night. McKinley and the Republican ticket carry the State by 6,000 plurality. Johnson (Rep.) is elected Congressman by about the same vote. Eight hundred out of 1,213 precincts received give McKinley 3,800 majority. Chairman of the Republican State Committee wired Governor-elect Briggs tonight congratulating him on his election and stating that the plurality was at least 5,000. The Legislature is overwhelmingly Republican.

## CALIFORNIA REPUBLICAN.

McKinley Electors Chosen by 10,000—Legislature Republican.

SAN FRANCISCO, Nov. 4.—Complete returns from 1,708 out of 2,277 precincts give McKinley 14,947 plurality. The returns are very close coming in.

## MISSOURI VERY CLOSE.

Headed in the Cliffs—Bryan Gaining in the Country.

ST. LOUIS, Nov. 4.—The result in Missouri is very close. The Bryan electors may get a small plurality. This city gives McKinley a plurality of 17,000. Kansas City gives McKinley 1,500 plurality.

## THE GREAT NATIONAL EPIDEMIC.

Just now is the season. The great national remedy for campaign fever is to get out of the city.

## ILLINOIS GIVES 165,000.

REPUBLICANS CLAIM THE STATE BY THOSE FIGURES.

RETURNS NOW INDICATE AN INCREASE IN MCKINLEY'S PLURALITY OVER TUESDAY NIGHT'S FIGURES OF 40,000—McKinley Carries Chicago by 50,000—Other State Returns.

CHICAGO, Nov. 4.—Returns from the country districts in Illinois come very slowly, and it is doubtful if any correct table of the vote, even for President or Governor, can be given for two or three days.

Latest returns at State Republican headquarters have encouraged the managers there to change their estimate of the Illinois majority to 165,000, 40,000 more than was expected earlier in the day. Doubt as to the result in the Seventeenth Congress district was expressed at the State Committee headquarters up to noon. Major Jas. A. Conly, the Republican candidate, had an uphill fight against a nominally Democratic majority. B. F. Caldwell was the Populist candidate. He made a vigorous campaign and was confident of election.

A. M. Garland, a visitor at headquarters, displayed a telegram from J. M. Garland, Major Conly's private secretary, this afternoon, saying the Republican candidate would win by a majority of 800.

As a refutation of the statement made by his opponents that Capt. Tanner had lost the German Lutheran vote the result in Addison township is stated: Republican, 179; Democrat, 184.

The present ballot is Republican, 350; Democratic, 36. La Salle county gave McKinley and Tanner a majority of 35,000. Many German Democrats throughout the State voted for McKinley and Tanner.

Major Conly estimates his majority for McKinley and Tanner at 1,200.

A telegram from Kankakee county says McKinley has a majority there of 3,500, a Republican gain of 2,500 over 1892. Peoria county is safe with 1,000 majority for McKinley, over-bidding the Democrats' majority of 1,000 four years ago. St. Clair county gives 300 majority for McKinley. Henry county rolls up 3,000. Jackson county gives 500. It was expected to go 200 Democratic. Edwards county goes 800 for McKinley.

Chicago's banner ward was the Thirty-third, which rolled up a plurality of 10,558 for McKinley. The Twelfth with 8,016 plurality, and the Thirty-fourth with 4,604, were the next biggest Republican wards.

John R. Tanner carries the city of Chicago by a plurality of 29,878 as compared with McKinley's plurality of 29,878. In 1892, McKinley won by a plurality of 14,182 to Alton's 14,182.

Returns from only seven precincts are lacking. The vote in these precincts will probably be in Tanner's favor, and his plurality may reach 31,000.

Democratic candidate for Governor on the Democratic ticket, received 2,985 votes; Geo. Frothingham, 2,679, and Baustian, Socialist-Labor, 550.

The total vote cast for Governor was 344,836. Tanner runs behind the national ticket in nearly every ward in the city. In the strong hold of Republicanism—the Twelfth, Thirtieth, and Thirty-fourth wards—Tanner loses heavily.

In the Twelfth alone he runs over 1,000 votes behind McKinley. In the Thirtieth he lost nearly 200 votes that went to McKinley, while in the Thirty-second Aligned gained over 400 votes over him, they being lost to Tanner.

Henry Hertz, Republican candidate for State Treasurer, profits by the McKinley landslide, and has a plurality in the city of Chicago of 34,074.

## MISSOURI VERY CLOSE.

Headed in the Cliffs—Bryan Gaining in the Country.

ST. LOUIS, Nov. 4.—The result in Missouri is very close. The Bryan electors may get a small plurality. This city gives McKinley a plurality of 17,000. Kansas City gives McKinley 1,500 plurality.

## KENTUCKY IS VERY CLOSE.

The Republicans Seem to Be Ahead—A Republican Senator Hires.

LOUISVILLE, Ky., Nov. 4.—It will require the official count to decide Kentucky. The Republicans claim that their plurality will be about 1,750. They have returns from all but five counties. These returns give Bryan 2,000 plurality. The five counties they estimate will give 3,750 to McKinley.

The Courier-Journal has unofficial returns from five of the missing counties, and the four give 1,430 plurality to McKinley. The missing county is Leslie, which gave Gov. Bradley 716 plurality, and on the same basis this year would give the State to McKinley by 200.

Other returns received by the Republican Campaign Committee give Bryan a plurality of 13,470 votes, leaving out the Eleventh district. Congressman Colon of the Eleventh district telegraphs the committee that McKinley received 13,420 plurality in this district, with five strong Republican counties out. On this basis the committee claims the State by 1,000 to 1,500. The Silver Committee claims the State by 2,100.

Special elections were held yesterday to fill nine vacancies in the Legislature. The Republicans elected all but one of their candidates, and this gives them 70 votes, a quorum and a majority on joint ballot, counting the 2 Populists, and the sound-money Democrats have only 22. Under the circumstances it is supposed that the Republicans will elect one of their own party to succeed Senator Blackburn, although he has been some talk of leaving for California.

Gov. Bradley will call an extra session at once, it is believed, and a Senator will be chosen. St. John Boyle was the Republican caucus nominee last year and wants to run again, but he was not a man until last year, and therefore not acceptable. The other large, Gov. Bradley may take the office himself.

LEXINGTON, Ky., Nov. 4.—Kentucky seems to be very close, with the chances in favor of McKinley. The most trustworthy estimates, based on returns received up to 8 o'clock, show that McKinley's plurality is 1,305. The Eleventh Congress district, composed exclusively of mountain counties, cannot be heard from for several days, for the reason that telegraph communication cannot be had with it.

The estimates figure on this district giving McKinley a majority, which is 4,400 less than the Republican majority last year. The mountain section of Kentucky, so far as heard from, scarcely warrants the belief that it will fall off in Republican majorities from last year, and many well-informed politicians think it will increase McKinley's majority to three or four thousands.

## LANDSLIDE IN MARYLAND.

McKinley Gets 12 by 80,722 and Baltimore by 31,100—Six Republican Congressmen.

BALTIMORE, Nov. 4.—Maryland has again been struck by a political cyclone, the second being of even greater magnitude than that of last year, when the Governorship and the State ticket went to McKinley and Hobart, the Populist, and the Twelfth, Thirtieth, and Thirty-fourth wards—Tanner loses heavily.

In the Twelfth alone he runs over 1,000 votes behind McKinley. In the Thirtieth he lost nearly 200 votes that went to McKinley, while in the Thirty-second Aligned gained over 400 votes over him, they being lost to Tanner.

Henry Hertz, Republican candidate for State Treasurer, profits by the McKinley landslide, and has a plurality in the city of Chicago of 34,074.
